Subject: Monthly Update for Exide Technologies Facility - March 2015

Greetings Exide E-List Subscriber!

The California Department of Toxic Substances Control (DTSC) has released the March Monthly Status Update for the Exide Technologies (Exide) facility in Vernon, CA.

This update is issued monthly by DTSC to provide interested community members with information about the Exide facility. The Monthly Status Update summarizes the investigation, closure, and cleanup activities under California Department of Toxic Substances Control's (DTSC) oversight that occurred through March 2015, as well as activities that are anticipated in the spring of 2015.

To view the update, please use the following links:
